As provided in the Master Declaration, with limited exceptions, no golf carts shall be permitted on the Condominium Property or in any other portions of the Community. Certain Limited Common Element parking spaces are assigned and no Unit Owner or occupant may park more than one (1) vehicle in the assigned spaces unless additional spaces have been assigned to the Unit. Commercial vehicles, trucks, campers, motor homes, trailers, boats and boat trailers are prohibited. Bicycles and mopeds shall be parked only in the bike storage areas or as may otherwise be designated by the Board. Vehicle maintenance, except car washing in the designated area, if any, is not permitted on the Condominium Property. All vehicles must be currently licensed and no inoperable or unsightly vehicles may be kept on the Condominium Property. Notwithstanding the foregoing, the Developer shall be exempt from this regulation for vehicles which are engaged in any activity relating to construction, maintenance or marketing of Units, as are commercial vehicles used by vendors of the Association while engaged in work at the Condominium.

2. Recreational facilities will be used in such a manner as to respect the rights of others, and the Board may regulate duration of use, hours of opening and closing and schedule their use.

3. No exterior radio, television or data reception antenna or any exterior wiring for any purpose may be installed without the written consent of the Board.

4. To maintain harmony of the exterior appearance of the Building, no one shall make any changes to, place anything upon, affix anything to or exhibit anything from any part of the Condominium Property or Association Property visible from the exterior of the Building or from the Common Elements without the prior written consent of the Board. All curtains, shades, drapes and blinds shall be white or off white in color or lined with material of these colors. Owners are financially responsible to the Association for damage to the Common Elements caused by themselves, their tenants, guests and family members.

6. Pets shall only be permitted in accordance with the applicable provisions of the Master Declaration 6.8 Animals and Pets. Further, with regard to the Galia Condominium Property and/or Association Property:

6.1 Pet Limitations. No animal of any kind shall be raised, bred or kept in any Unit, except that usual domestic pets, to include dogs, cats, and birds may be kept as household pets. No more than two dogs or two cats, or one dog and one cat, may be kept as a household pet in a condominium unit. No animal shall be kept, bred or maintained (i) for any commercial purpose, (ii) in unreasonable numbers, or (iii) if there would be involved any odor, noise or other nuisance which would disturb the use and enjoyment of any

portion of the Condominium by other Owners. The following are restrictions, rules, and regulations regarding the kinds and sizes of pets which may be kept as well as other pet issues.

- a. Effective with the implementation of this rule 6.1, the number and size of pets currently housed at the Galia condominium by current resident owners are grandfathered in. New and replacement pets are subject to this rule.
- b. An application to house any pet must be submitted to and approved by the Board of Directors.
- c. Pet owners must carry Pet Insurance to include indemnifying the Galia at Lost Key Marina & Yacht Club Association and its Board of Directors. A copy of the insurance declaration page or other proof of insurance shall be provided to the Board.
- d. No more than two (2) commonly accepted household pets (such as dogs or cats) may be kept within a unit. New owners and current owners replacing a pet, shall be limited to two dogs or two cats or one dog and one cat, each weighing 35 pounds or less when fully grown. The total weight of all the owner's pets must not exceed 55 pounds. If a current owner has more than two pets per unit, the pets exceeding the afore stated limitation, when deceased or otherwise removed, cannot be replaced. Further, if a present owner has a pet typically weighing in excess of 35 pounds (as defined by the American Kennel Association guidelines), it may only be replaced with a pet meeting the weight restriction, when fully grown. Service animals as defined by Americans with Disabilities Act (ADA) (e.g., certified guide dogs for blind persons) are not subject to this weight restriction.
- e. The housing of pets in a unit is subject to termination by the Board of Directors if the pet becomes a nuisance or the pet's owner does not follow the rules regarding pets, as listed below:
  - i. No pets are permitted in any area of the pool, carried, leashed or unleashed.

Pet's owner/walker shall restrain the pet(s) from relieving itself except in designate pet walk areas. Pet owners/walkers shall immediately clean up any messes resulting from the pet's biological relief "accidents".
  - v. No pet may be left in a unit, unattended, for any extended period of time (initially defined as more than 10 consecutive hours per day). If the pet creates a nuisance to other residents, such as pet dog's incessant barking when left unattended, the Board of Directors may, with 48 hours notice, demand the pet owner remove the pet from the complex.
  - vi. The only relief and exercise areas for pets are designated "PET WALK" areas.
  - vii. Except for transiting the pet from the pet owner's unit to the designated pet walking areas(s), pets are not permitted in any other areas of the complex.
  - viii. The Board may impose a fine of not more than \$100.00 per incident on owners who do not restrain their pets from relieving themselves in any other condominium area.

- ix. No animal or pet may be kept in any condominium unit or on the condominium property which the Board has determined to be dangerous or which has been designated as dangerous by the AKC or any governmental agency.
- x. Pets determine to be of bad temperament (e.g.: snarling, biting, scratching, nipping, growling, lunging at people, etc.) shall be removed from the premises within 24 hours of notification by the Board of Directors.

6.2 The Board of Directors has the authority and discretion to make exceptions in individual cases and to impose conditions concerning the exceptions.

7. Disposition of garbage and trash shall be only by use of receptacles approved by the Association or by use of garbage disposal units. Specifically, trash placed in the trash chutes must be disposed of as noted on the instructions of the trash chute. The trash chute equipment provides for the disposal of all general trash. No Unit may be permanently occupied by more persons than the number of bedrooms times two, nor may more persons, including guests, occupy a Unit overnight than the number of bedrooms times two, plus two.

This regulation may not be amended in a way that would be detrimental to the sales of Units by the Developer so long as the Developer holds Units for sale in the ordinary course of business.

9. The Association shall retain a pass key to the Units, and the Unit Owners shall provide the Association with a new or extra key whenever locks are changed or added for the use of the Association pursuant to its statutory right of access to the Units. Duplication of Unit Owners' keys to Common Element facilities is restricted in the interest of security. Such keys shall be duplicated only with the assistance of the Management Firm (or if no Management Firm is in existence, a designated agent of the Board). Changing of locks must be done through the Association.

18. No nuisance of any type or kind shall be maintained upon the Condominium Property.
19. Nothing shall be done or kept in any Unit or in the Common Elements which will increase the rate of insurance on the Building or contents thereof or upon any portion of the Condominium Property without the prior written consent of the Board. No Unit Owner shall permit anything to be done or kept in his Unit or in the Common Elements which will result in the cancellation of insurance on the Building, or contents thereof, or which would be in violation of any law or building code.
20. Persons moving furniture and other property into and out of Units must notify the Management Firm (or if no Management Firm is in existence, a designated agent of the Board) in advance and use the designated access door into the Building and the designated service elevator or passenger elevator. These shutters meet or exceed standards set forth in the Standard Building Code (applicable to Escambia County) for buildings in the coastal zone and are the only approved application for hurricane protection. A copy of these specifications is maintained by the Association. Non-balcony Unit windows are a special architect-approved laminated glass and have been designed and installed to meet or exceed the wind load and windborne debris impact standards of the hurricane shutters. Consequently, such windows in the Units, as built, meet or exceed the requirements of the applicable building code for hurricane protection. For this reason and for the purpose of preserving the aesthetic appearance of the Building, hurricane shutters shall not be installed on non-balcony windows in the Units. If such non-balcony windows in the Units are replaced, they must be replaced with laminated

architectural glass equal to or exceeding the specifications of the original glass and which comply with the applicable building code.

26. These Rules and Regulations do not purport to constitute all of the restrictions affecting the Condominium. Reference should be made to the Condominium documents and the Master Declaration.

27. Smoking Common and Limited Common Areas. Smoking is prohibited on or within all condominium areas designated as Common Areas or Limited Common Areas of the Condominium property. This prohibition applies to all common and limited common element areas of the Condominium Association property, whether indoors or outdoors, including, without limitation, patios, balconies, verandas, garages, lobbies, hallways, walkways, and landscaped areas. Smoking by owners and owner's guest may be permitted within the unit confines provided residual smoke is confined to and contained within the unit and does not create a nuisance for other unit owners or tenants under Galia Condominium Declaration Section 18.4 Nuisances. Violations may result in fines being imposed in accordance with rule 23 of these Rules and Regulations, as amended.

3. The Management Firm (or if no Management Firm is in existence, a designated agent of the Board) will coordinate with the Unit Owner's representative for the issuance of temporary passes for access for decorators and contractors into the Community.

4. Work hours are 8:00 a.m. to 5:00 p.m., Monday through Saturday.

5. The contractor and all sub-contractors must have Type "B" licenses and submit proof of same for the Management Firm's file (or if no Management Firm is in existence, the Association's file).

6. Prior to authorization for access, the contractors and all sub-contractors must produce from their insurance carrier a Certificate of Insurance of General liability of no less than \$250,000 per occurrence and no less than \$500,000 aggregate and provide proof of Worker's Compensation coverage for the Management Firm's file (or if no Management Firm is in existence, the Master Condominium Association's file).

7. All vehicles and persons will enter the Building only at locations approved by the Board. There, they will be registered by access personnel, unless the Management Firm (or if no Management Firm is in existence, a designated agent of the Board) makes other arrangements.

8. Workers will be allowed to unload their materials and equipment outside the garage east/southeast entrance. A passenger elevator will be designated for use as a service elevator for purposes of transporting materials.
9. After unloading, workers must park their vehicles in the designated outside service parking or other areas specified by the Management Firm (or if no Management Firm is in existence, a designated agent of the Board).
10. Work preparations will not be allowed in the garage, i.e., mixing of paint, mud, grout, etc.
11. The trash chute is not to be used, nor is trash to be left in Units or hallways. The Management Firm (of if no Management Firm is in existence, a designated agent of the Board) will provide information on disposal of trash.
12. All trash and debris shall be hauled off by the workers on a daily basis unless a dumpster is specifically designed for their use.
13. Grout, paint, wall mud or any other material may not be poured down Building drains, sinks, toilets or bathtubs. Check with the Management Firm (or if no Management Firm is in existence, a designated agent of the Board) for location of cleaning area.
14. Subcontractors are not to use carts owned by the Association (Supply your own).
15. Breaks and lunches, if taken inside the Building, should be confined to the Owner's Unit.
16. No radios will be allowed in the Building unless used with headphones.
17. Access to the individual Condominium Units must be coordinated through the Unit Owner, decorator or other designee.
18. Do not tamper with or hang extension cords from any of the sprinkler heads.
19. Unit smoke alarms are to be left in place. They are to be properly protected during the interior finish work which generates heavy airborne particles, i.e. sanding and painting.
20. Workers are not to wonder around in areas other than the specific area or Unit to which they are assigned.
21. FLOORING. Each Unit Owner who elects to install in any portion of his Unit hard surface flooring materials (i.e., tile, marble, wood) shall first be required to install an approved sound underlayment material and perimeter sound isolation material installed in accordance with the procedures as generally provided below. Each Unit Owner is required to submit for approval to the Board of Directors or its representative the proposed hard surface floor underlayment material. Written approval for the proposed materials is required prior to installation of hard surface flooring, and then the installed sound attenuation must be inspected and approved prior to installation of the hard flooring. Installation procedures shall meet or exceed the following:

A. Isolation Barrier

1. At the perimeter of the entire floor, and the periphery of all protrusions to that floor, fiberglass board (6-15 pcf) not less than 3/8 of an inch (9.525 millimeters) thick, to minimize flanking, should be used within 1/4 inches (6.35 millimeters) of the finished surface.
2. Closed cell polyethylene foam (2.7 - 9 pcf) not less than 1/4 of an inch thick (6.35 millimeters) may also be used as the perimeter isolation barriers.

3. The fiberglass board or the polyethylene foam can be cut into strips and held in place with a few spots of acoustical sealant. If the strips are too tall, they can easily be trimmed within the 1/4 inch of the finished surface after the tile is grouted, therefore keeping any hard residue out of the perimeter grout joints.

B. After the tile is set and grouted, additional time should be spent to check the perimeter of the entire floor and the periphery for any protrusions such as pipes, so as not to have any of the mortar, bond coat, or grout, touching the walls or any protrusions that penetrate the floor. Should any of the hard material from the installation make contact between the tile or setting bed and the wall, or a penetrating protrusion, a large reduction in the sound rating will occur. After grouting, but before the edges are caulked, trim the polyethylene sheeting back to the top of the fiberglass or polyethylene foam edging.

C. A sealant is required at the perimeter of the entire floor, and the periphery of all protrusions to that floor.

1. This joint shall be 1/4 inch wide (6.35 millimeters) from the finished top of the tile. This joint must be filled with an elastomeric sealant or an acoustical sealant. **Hard grout is unacceptable.**

2. This caulking can be done before or after grouting as long as the hard grout is left out of the joint between the floor and the wall and around the periphery of any protrusion.

3. If USG acoustical sealant is used, the joint can be painted to conform to the color of the grout used in the field.

4. Dow-Corning and G.E. Silicone sealant comes in a variety of colors to harmonize with the color of the tile.

22. Each Unit Owner is responsible for his decorators', contractors' and sub-contractors' actions and inactions while on the Condominium Property and while within the Community. Decorators, contractors, and sub-contractors are on the Condominium Property at their own risk and agree to indemnify and hold harmless the Condominium Association, the Master Association and WCI Communities Inc. for any liability or damages which might arise in connection with their activities on the Condominium Property and while within the Community.

23. Should a decorator, contractor or sub-contractor discover a defect in a Unit, they must notify the Management Firm (or if no Management firm is in existence, a designated agent of the Board) immediately so the defect can be corrected prior to doing any work which might be impacted by the defect.

24. Smoking, while discouraged, will only be allowed in the individual Units with the Unit Owner's permission.

25. Please help us keep the building clean. Activities will be monitored during the day. Non-compliance may result in you or your firm being barred from the Building.

If you have any questions, please contact the Management Firm (or if no Management Firm is in existence, a designated agent of the Board).

8. The Chair may, by asking if there be any objection and hearing none, permit a Unit Owner to speak for longer than three (3) minutes, or to speak more than once on the same subject. The objection, if any, may be that of a Board member only and if there is an objection then the question will be decided by a vote of the Board.
9. The Chair will have the sole authority and responsibility to see to it that all Unit Owner participation is relevant to the subject or motion on the floor.
